Mr. Doug Carmon, Superintendent
Chapman Chemical Co.
10505 N. Macrum Avenue
Portland, Oregon 97203

ReL Special Cleanup Charge

Dear Mr. Carmon:

This is a follow-up to our letter of July 30, 1982 notifying you that Chapman Chemical Co. would be billed for City of Portland costs resulting from the cleanup of wax discharged to the City sewer system on or about July 27, 1982.

This invoice in the amount of \$675.23 represents extra costs for labor only. The costs break down as follows:

1 - Mechanic II	@	17.50 /hr	=	\$ 283.39
1 - Mechanic I	@	17.50 hr	=	243.50
1 - Maint. Supv.	@	8.00 hr	=	148.34
TOTAL				\$ 675.23

We trust that adequate measures have now been instituted to protect the public sewer system from such incidents in the future.

Very truly yours,

BUREAU OF SANITARY ENGINEERING
